After we talked this morning it occurred to me that you were not aware of the great progress that the WTC BID has been making.

Please go to www.WestchesterTownCenter.com and click on "What Does the BID Do?"

Sometimes our paperwork is slow, but you can eat off our sidewalks! Improvements to the BID area show real well. The stakeholders are extremely happy about it. Property values in the area are at an amazingly high level despite the bad economy. And we're working with LAWA to plan a new mixed use commercial addition that will add to the greater Los Angeles economy (new business development).

Come celebrate with us!
